

Portfolios

Think small... then think big

Our Large Booklets offer an innovative, cost-effective way in which to share your talents with others. Ultra-cool and ultra-compact, they're small enough to fit in your back pocket, but big enough to make a bold impression. Consider just a few of the benefits:

1 Take It With You

Each booklet contains twenty, 3- by 5-inch cards bound into a closeable cover. Pages may be perforated for easy removal, or scored for easy page turning

2 Show More

With 40 pages to work with, and a wrap-around cover, perfect for panoramic images, you have lots of real estate to show your stuff

4 Say More

There's plenty of room to tell your story, so don't be shy. Share your vision, your experience, your contact information

3 Look Awesome

Print in vivid, four-color richness on all surfaces— with a full bleed. Thick, 100# stock makes for a heavy impact

Have you shown your portfolio today?

Big bulky portfolios tend to cost a lot of money and gather a lot of dust. Our portfolio booklets do neither. Because they're affordable, easy to carry around and inexpensive to mail, you can share them freely and widely without worrying about getting them back. Hand them out to friends and associates. Mail them to potential clients. Make them marvel at your talent and taste.
